Overhead Crane Services

Industry Involvement Is Very Important To Whiting
We participate in and actively support several industry associations, including:

Corporate Headquarters
26000 S. Whiting Way • Monee, IL 60449
Phone: (708) 587-2000 • Fax: (708) 587-2001
Sales@WhitingServices.com • www.WhitingServices.com
With CMAA Spec 78 qualified technicians that prioritize safety through every facet of the job, Whiting Services will keep your lifting equipment operating at peak efficiency while minimizing downtime and lowering your overall operating and maintenance costs.

**INSTALLATION & COMMISSIONING**
We have the expertise to install equipment around your schedule and in complex situations like hazardous environments.

**INSPECTION**
Qualified technicians methodically inspect your material handling equipment, and provide a detailed visual report with prioritized deficiencies.

**REPAIRS**
Repairing or replacing malfunctioning equipment in a timely manner is one way we help minimize your costly downtime.

**MODERNIZATION**
Updating controls, drives, motors, end trucks, or complete trolleys with the latest technology increases the safety, reliability, and performance of your crane while lowering overall operating costs.

**EMERGENCY SERVICE**
With technicians strategically located around the country, we can respond 24/7 to help resolve unexpected maintenance problems.

**COMPONENT REBUILD**
Our rebuild program minimizes downtime and extends the life of your current lifting equipment at a fraction of the cost of new.

**REPLACEMENT PART INSTALLATION**
Technicians will install new components from our complete line of Whiting OEM parts or other manufacturers’ parts.

**CRANE MAINTENANCE PROGRAM**
Having an optimized maintenance program that tailors inspections, repairs, and other services to the crane’s age, service class, and application will lower unexpected downtime.

**CRANE OPERATOR TRAINING**
Using the hoists and cranes at your facility, we offer extensive training based on best practices and OSHA standards.

**NEW LIFTING EQUIPMENT**
Our team will help you select the best lifting solution, whether it involves small overhead cranes or hoists, or jibs from leading manufacturers, or one of Whiting Corporation’s own engineered solutions.

**RAIL EQUIPMENT SERVICE**
Specially-trained technicians provide a variety of services to the freight and transit rail industries including inspections, repairs, rebuilds, and installations.
